<td>Mission statement</td>
<td>Oct. 2013 Draft Revision : Mission Statement The Plant Utilization and Planning Committee advises the University Senate on matters concerning the physical infrastructure and environs of the University. Its responsibilities include: reviewing the capital budget and plans for new construction; monitoring the renovation and maintenance of existing facilities; advising on issues of safety and accessibility on campus; supporting safe, responsible means of transportation; investigating the utilization of space and energy; encouraging and monitoring prudent use of all physical resources; reviewing the design and renovation of classrooms and research facilities; and advising on projects that affect the quality of life of the University and associated communities. The Committee provides for faculty, student, and staff involvement in carrying out its mission and reports to, as required, the Faculty Assembly, the Senate Council, and the officers of the University Senate. The above revised mission statement was reviewed. It was voted and accepted unanimously.</td>
<td>Pat and Susanna will notify Michael Spring of new mission statement.</td>

| Request that elevator be tested during class change time to ensure that they will be efficient. Elevators will be staggered so there will always be service (2 year project)  
- Construction of new dorm in Bradford started  
- Johnston nursing facility complete  
- Bruce Hall renovations completed | Complete inventory of use of bicycle items on nice days to determine need. Pat or Susanna will contact John to see if we can enforce idling rule  
Laura will provide student evaluation of recycling  
Publicize where batteries can be recycled on web  
Review /organize items on list to further distinguish between items that belong on a PUP sustainability agenda and items more appropriate for that of a campus wide group. Continue discussion over next meetings |

</table>
- Joe Identified items PUP could be responsible for from 100 good ideas for sustainability.  
Discussed individual items  
- Paul concerned about need for areas/items for bicycles. Is ongoing items addressed.  
- Idling of buses/trucks by building. Can we enforce city law to prevent idling – Particularly by Falk school.  
- Default 2-sided coping. This is an ongoing change as new printers are installed/replaced  
6 items were identified that PUP should be responsible for  
Of these the following were discussed  
- environmentally friendly cleaning products already being addressed by facilities.  
- Clarify and improve recycling practices and policies has had as student evaluation last year with recommendations. Publicize on how to recycle battery and electronics  
- Students have meetings about recycling (Madeline Chavara). Need to coordinate student efforts as there is a lot of overlap.  
Re: Need for a campus wide group for sustainability. Need to evaluate different needs on list. Organize by types of needs |  
Review of upcoming projects

Dave will present this to PUP |
| Field Trips |  
School of Public Health, Salk 402, Union Assembly Room, Fitness Facilities and Trees Hall, Petersen Event Center, Information Sciences (N. Bellefield).  
Pat or Susanna will contact Joe to arrange locations for a tour on PUP’s December meeting date. |
| Sharing |  
Where to share draft documents.  
- Pitt Portal has a place to put draft documents for PUP.  
- The Cloud (through the Box)  
- Sharepoint (server based system)  
Group felt Portal was most appropriate |
