

**Senate Library Committee  
March 21, 2019**

Our visit to 7510 Thomas Boulevard was hosted by Kornelia Tancheva.  
ULS presenters included Sharon Jasneski, Miriam Meislik, and David Grinnell.

At 3:30 the Senate Library Committee gathered in the entrance of the 7500 Thomas Boulevard facility. Kornelia Tancheva introduced us to Sharon Jasneski, Coordinator of the Library Collections Service Unit (LCSU). Sharon provided the group with a tour of the high bay modules. A number of questions about preservation, access, and distribution were answered during the tour.

At 4:00 the committee met with Miriam Meislik, Media Curator and David Grinnell, Coordinator of Archives and Manuscripts. Miriam and David provided the group a chronological review of select materials in the University Library System's Audio-visual Archives. Miriam spoke about the specific preservation and archival needs that she encounters when working with a media item.

At 4:30 we discussed the next meeting times and agreed to decide via email. People were also prompted to consider serving as chair or co-chair in the coming year.
