- Engagement Map
- Impact Reports
- Carnegie Classification Accreditation
IMP Neighborhood Enhancement Strategies

- Plan of strategies designed to enhance quality of life within the neighborhoods adjacent to campus and mitigate negative impacts
- Dashboard is up and running (https://www.community.pitt.edu/institutional-master-plan-public-dashboard)

ZONING CODE REFERENCE

905.03.d.4 (k) Neighborhood Protection Strategy

The Institutional Master Plan shall identify standards and programs that will be put in place to ensure that the quality of the surrounding neighborhoods is maintained or enhanced.
• Improve connections with the community
• Reduce litter
• Support positive and respectful relationships between students and our neighbors
• Address parking and transportation concerns
• Strengthen connections with the community for university related development projects
• Improve the built environment
• Support community-led strategies for neighborhood stabilization and housing affordability

• Increase Pitt’s commitment to sustainability
• Increase awareness of community access to Pitt facilities and programs
• Grow existing community programs
• Promote and create opportunities for local businesses and entrepreneurs
• Create paths and programs for continuous student volunteering in local community groups
• Establish ways to make Pitt facilities more accessible
• Create the Hill CEC to foster deep, sustained community-university collaboration
